GO GOD! Re-enrollment continues to be strong and CCS is receiving RECORD NUMBERS OF NEW APPLICATIONS

Why Parents Choose CCS:

- “As parents, it is important to equip your children with all of the tools they need to be good people, productive citizens, and successful personally and professionally. God is the best armor they can have! At CCS, we will be giving them the opportunity to be saturated in the Word and with God’s people giving them a top notch education. CCS has smaller classrooms which will give them more one-on-one attention and a standard of excellence they will be expected to achieve. The CCS vision is aligned with our vision as parents; and working together, my kids’ abilities and achievements are boundless.”
- “We desire to enroll our child in Cypress Christian School because we value the same biblical principles that will help to foster our child’s growth and development. We also feel that developing critical thinking skills and learning how to incorporate God’s Word into academic learning is very important.”
- “It is important to us that our son receives a quality, Christ-centered education. We have investigated several schools and after attending the Open House at Cypress Christian School, it was clear that it was a special place. After considerable research, much prayer, and lots of discussion, we feel the Lord has led us to CCS. Public schools do not have the tools to teach our child about the Lord, and we want that to be a part of his daily life.”
