Dear Cypress Families and Friends:

Cypress Christian School welcomes the opportunity to partner with you through the 2009-2010 Annual Fund, "Building the Future." We at CCS are building the future by partnering with families to firmly establish the character of the children who will grow to be the next generation of Christian leaders in America. We are building a foundation on which these children will stand strong through the storms of life. We are building the fundamentals of a solid education, based on the unshakable word of God.

As we enter our 32<sup>nd</sup> year of Christian education, we are excited about the advantages Cypress Christian School provides to students by offering a distinctly Christian education. At CCS, our students are taught by teachers committed to academic excellence and to the Christian faith. These commitments are incorporated into every aspect of the curriculum, thus providing a biblical worldview. In addition, CCS students are challenged to develop to their full potential through athletic competition, music, art, extracurricular activities, and community service.

While student tuition and fees provide for much of the school's basic financial requirements, gifts to the Annual Fund are critical for the advancement of the school as a whole. Through the Annual Fund, the school is able to move forward with needed updates and repairs to our physical plant, enhancements to campus security, and expansions of current academic, fine arts, and athletic programs to meet the increasing needs of a growing student body.

**Our goal is to raise \$200,000 through Annual Fund giving this year.**

I ask you to prayerfully consider joining us and generously contributing to the Annual Fund this year. In unity, we can reach this goal. Please take a few moments to read the Annual Fund brochure, complete the information on the Commitment Envelope, and return it with your gift to the CCS Development Office. Gifts of any size are most appreciated, as each dollar will make a difference in the life of a child. Your participation is vital in helping us reach our goal.

It is our hope that you visit the school's website, [www.CypressChristian.org](http://www.CypressChristian.org), to gain a clear understanding of our mission and vision for partnering with you "to equip students to engage and impact their world for Jesus Christ." You will notice that our Annual Fund Report is available on the website. This report details the total of all contributions made thus far to the 2009-2010 Annual Fund, as well as total donations given over the last few years. For your convenience, additional commitment forms are available on the website and secure online donations are accepted under the "Support CCS" tab. Please mark your donation as an Annual Fund contribution.

Thank you for your generosity and support of Cypress Christian School.

Stephen J. Novotny, J.D.  
Head of School
