

Partners in Education Program

Cypress Christian School welcomes the opportunity to partner with you through the 2011-2012 **Partners in Education Program**. This program is designed for individuals and businesses donating \$500 or greater to the Annual Fund. Depending on the level of gift, CCS will recognize these individual and business partners thru the various advantages outlined in our **Partners in Education Program**. Cypress Christian is planning for the future to firmly establish the Christian character of the children who will grow to be the next generation of those that serve and lead our nation. As we enter our 34th year of Christian education, we are excited about the advantages Cypress Christian School provides to students by offering a distinctly Christian education. At CCS, our students are taught by teachers committed to academic excellence and to the Christian faith. These commitments are incorporated into every aspect of the curriculum, thus providing a biblical worldview. In addition, CCS students are challenged to develop to their full potential through co-curricular activities such as athletics, music, art, and other groups. While student tuition and fees provide for much of the school's basic financial requirements, donations are critical for the advancement of the school as a whole. Through the **Partners in Education Program**, the school is able to move forward with needed updates and repairs to our campus and the expansion of current academic, fine arts, and athletic programs to meet the increasing needs of a growing student body. Thank you for your generous gift as you partner with us to be a light in our nation and to *"honor the Lord Jesus Christ by providing students an education based upon academic excellence and biblical values."*
