

CCS Library

Summer Reading Challenge

The Library is happy to announce our summer reading incentive that will keep students reading daily throughout the summer. The challenge is based on the number of minutes a student reads and appeals equally to all ages and abilities. Readers will receive congratulatory medals when we return to school in August. Reading begins May 26. Email Mrs. Daniell if you have any questions: Jenny.Daniell@CypressChristian.org

- **How to Participate** - Color one box on the Minute Log for every 10 minutes you read. There is no time limit to how many minutes you can read in a day, but it is better to read for smaller amounts of time every day than for long periods of time every now and then.
- **Logging Is Important!** - Keep track of your **Minute Log** and return to school by **August 18**. The log must be signed by the student and a parent.
- **What Can You Read?** - Students may read books, eBooks, magazines, graphic novels, and nonfiction.
- **Set a Goal and Succeed!** - Students will receive medals when we return to school in August. (600 minutes = Bronze) (1,000 minutes = Silver) (1,400 minutes = Gold) (1,750 minutes = WOW!)

If you begin May 29:

20 min/day x 3 days/week = 720 Minutes

20 min/day x 5 days/week = 1,200 Minutes

20 min/day x 7 days/week = 1,680 Minutes

- **Current Kindergarten & First Grade Parents** – It is important for young readers to read independently and also engage in shared reading experiences, as both are critical to the process of learning to read. This challenge is intended to increase your child's exposure to books and to create positive reading experiences over the Summer. Therefore, both independent reading and reading aloud to your child will count towards minutes earned.

I'm looking forward to hearing about what you read and rewarding your medals in August. You can do it! 😊 - Mrs. Daniell
