SCHOOL

Founded in 1978 and located in northwest Houston, Cypress Christian School (CCS) is an independent, non-denominational, K-12 college preparatory school with selective admissions. As a private Christian school, the Christian emphasis and biblical worldview are an integral part of the academic curriculum, weekly chapel services, athletics, fine arts and special programs.

The admissions policy requiring one parent to be a Christian encourages a Christ-centered partnership between parents and school. The power of a cooperative effort between home, school and the church are second to none for the purpose of providing a strong foundation for young lives. CCS students are challenged to develop their full potential and are taught by teachers committed to academic excellence and to the Christian faith.

MISSION

The mission of Cypress Christian School is to honor the Lord Jesus Christ by providing students an education based upon academic excellence and biblical values.

ADMISSIONS CRITERIA

Selective admissions are based on an application, interview and testing process which determines if there is a spiritual match, academic match and behavioral match.
